

# OUR ANNUAL IMPACT 2022

# WHAT WE'RE ABOUT

**Fair Food is Auckland's original food rescue organisation. Established in 2011, we're on a mission to feed people, not landfill.**

## WHY?

**Food waste** - globally,  $\frac{1}{3}$  of food produced is wasted and in NZ, we chuck out over \$3 billion dollars worth of uneaten food a year.

**Food insecurity** - 40% of NZ households experience food insecurity. 7% of us run out of food completely before the week is up. Hunger is in our backyard.

**It makes sense that surplus food should feed families who need it the most.**
